

IEM PUBLIC SCHOOL

NOTICE

Session: 2026-2027

Date: 13.05.2026

Ref. No. IEMPS/SL/NOTICE/2026-27/46

Subject: **Participation in “Gutli Mission” – A Green Initiative**

**Dear Parents,
Greetings from IEM Public School!**

We are pleased to inform you about a meaningful environmental initiative, “Gutli Mission”, started by Jasmit Singh Arora, popularly known as the Gutli Man of India.

This initiative encourages students to collect mango seeds (gutli), clean and dry them, and contribute towards growing future trees. It is a simple yet impactful activity that helps children develop environmental awareness, responsibility, and a deeper connection with nature.

How Students Can Participate:

- Collect mango seeds after eating mangoes.
- Wash and sun-dry the seeds for 1–2 days.
- Store them safely at home in paper or cloth bags.

Parents are requested to kindly send the collected seeds to school on 15th and 16th June 2026.

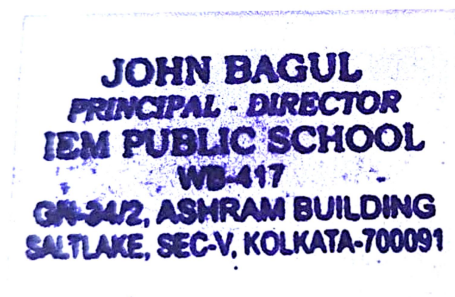

The seeds will be formally handed over to the Gutli Man during a special assembly in the presence of parents.

We sincerely request your support in encouraging your ward to participate in this noble initiative and contribute towards a greener future.

🌱 One Mango Seed Can Become a Forest of Hope.

Thank you.

Mr. John Bagul
Principal-Director
IEM Public School, Salt Lake
